

Sterling Deaerator Company

Corporate News Update – May 2017

Dear Sterling Deaerator Client,

Sterling Deaerator Company is proud to announce being ISO 9001:2015 certified by Perry Johnson Registrars effective April 18, 2017 and we would like to take this opportunity to sincerely thank you for your continued loyalty and commitment during the past 30 years.

The proactive decision to become ISO 9001:2015 certified demonstrates Sterling Deaerator's commitment to providing a quality product and also anticipates the demands of our customers in an ever changing and competitive marketplace.

The process to become ISO 9001:2015 certified saw Sterling Deaerator Company undergo a rigorous evaluation process which included the development of a quality management system, a complete review of all management system documentation, a thorough internal review by an independent auditor and a two phase audit by the registrar.

ISO 9001:2015 certification clearly demonstrates Sterling Deaerator's continual process improvement; that potential risks are always reviewed and mitigated; and communication with our suppliers and clients is both efficient and effective.
